27 4 of the FTC Act, 15 U.S.C. § 44.

DEFENDANTS' BUSINESS PRACTICES

Defendants' Free Trial Programs

11. Since at least 2006, and continuing thereafter, Defendants have operated several websites advertising for sale over the Internet “free trials” of various products. These websites include, but are not limited to, the websites www.StopSmoking180.com, www.StopSmokingResolution.com and www.BeautifulSkin.com, pages of which are attached as Exhibits A and C - K. Defendants' [StopSmoking180.com](http://www.StopSmoking180.com) website offers a stop-smoking product, in the form of an herbal patch, that Defendants advertise as helping consumers to stop smoking. Defendants' [StopSmokingResolution.com](http://www.StopSmokingResolution.com) website similarly offers an herbal patch that is advertised to help consumers stop smoking. Defendants' [BeautifulSkin.com](http://www.BeautifulSkin.com) website offers a package of three different skin care products advertised to treat acne.

12. Defendants send out thousands of bulk emails to consumers advertising these products, including, but not limited to, the attached Exhibit B. A consumer receiving such an email is directed to one of Defendants' websites. Sometimes consumers are directed to these websites from other websites, such as www.TreasureTrooper.com, that offer free gift cards and other incentives to consumers who will try a new product – such as Defendants' products – on a free trial basis.

13. Defendants usually provide their products on a monthly subscription basis, but claim that consumers may try the product free. This is the focus of Defendants' websites. For example, the first page of the www.StopSmoking180.com website repeats the word “free” in large colored print four times:

“TRY IT FREE*!” [Asterisk references no other text]

“Free 10-Day Trial plus shipping and handling”

“YES! RUSH ME MY FREE TRIAL”

“FREE 10-Day Supply plus shipping and handling” (Exhibit A)

A typical bulk email for the [StopSmoking180](http://www.StopSmoking180.com) program states in large type:

“Free 10 DAY SUPPLY”

1 “CLICK HERE TO TRY IT FREE!” (Exhibit B)

2 Similarly, the first page of the www.BeautifulSkin.com website repeats the word “free”
3 four times, again in large colored print:

4 “FREE TRIAL CLICK NOW”

5 “FREE TRIAL!”

6 “TRY IT FREE”

7 “Get FREE Trial Now!” (Exhibit C)

8 The StopSmokingResolution.com website tells consumers that the stop smoking patch is
9 a “FREE TRIAL” and a “NO-COST 10-Day Supply of ZeroNicotine, you pay only
10 shipping and handling!” (Exhibit D)

11 14. Defendants make an initial shipment of a month’s supply of product to the
12 consumer, which includes the trial product. Although Defendants claim that the trial of
13 the product is free or that there is no cost to try the product (other than a small shipping
14 and handling charge), consumers who elect to keep the product (including the trial
15 product) are charged the same price that is charged for a month’s supply. This charge
16 typically is \$99.95 for the smoking-cessation products and \$69.95 for the skin-care
17 products. Similarly, although Defendants claim that consumers will receive a full refund
18 upon returning unused product from the initial shipment (Exhibit J), consumers who elect
19 to return unused product (which they must do in order to avoid further charges) must pay
20 the postage for returning the product and are assessed a \$7.95 restocking fee as well.

21 15. Nowhere in proximity to Defendants’ promotional statements concerning
22 the free trial offer is there a disclosure about the restocking fee Defendants charge.

23 16. In addition, nowhere in proximity to Defendants’ promotional statements
24 concerning the free trial offer is there a disclosure that consumers seeking to avoid
25 further charges must themselves pay to ship the remaining 20 days’ worth of product
26 back to Defendants.

27 17. Further, nowhere in proximity to Defendants’ promotional statements
28 concerning the free trial offer do Defendants disclose that by requesting the supposedly

1 free trial product, consumers will become enrolled in a program whereby they will incur
2 a continuing month-to-month obligation to pay for monthly supplies of the product.

3 18. In fact, in numerous instances, Defendants' websites indicate that
4 consumers have no obligations after the trial period ends unless they affirmatively decide
5 to continue with the program, when in fact Defendants continue to bill consumers' credit
6 card or debit card accounts unless consumers affirmatively opt out of the program.
7 StopSmoking180.com's website emphasizes: "Your cost: Only \$3.95," which is the
8 shipping and handling fee. (Exhibit A) After a consumer supplies information indicating
9 interest in the stop-smoking patch on StopSmoking180.com, a second page opens up
10 informing consumers that they will "Simply pay low shipping and handling." (Exhibit E)
11 After the consumer provides additional shipping information, a third page pops up asking
12 for "billing information." (Exhibit F) This page requires consumers to provide their
13 credit or debit card account information. It has a paragraph at the top asking, "Why do
14 [Defendants] need my credit card information?" It then responds: "Your 10 day trial is
15 absolutely free! Charges will only be made to your credit card if you find that
16 StopSmoking180 is the product for you *and you choose to continue* with the stop
17 smoking 180 program for a discounted membership price." (Emphasis added.) (Exhibit
18 F)

19 19. Defendants do not ask for the consumer's consent for enrollment in a
20 continuity program or authorization to charge the additional shipments to the debit or
21 credit card account that the consumer provided to pay the shipping and handling charges
22 for the trial product.

23 20. Defendants do not obtain written authorization from consumers who order
24 the trial product and pay by debit card for Defendants to make recurring transfers from
25 the consumers' accounts.

26 21. Rather, unless the consumer cancels, Defendants charge for the initial
27 shipment using the credit or debit card account number the consumer provided ostensibly
28 for the shipping and handling fee. Similarly, unless the consumer cancels, Defendants

1 charge that same credit card or debit card account number for future monthly shipments
2 as they are made under the program.

3 22. Many consumers, once they receive more than a 10-day supply of product
4 or a confirming email or are charged more than the shipping and handling fee, come to
5 realize that they have been enrolled in a continuity program.

6 23. Defendants represent, expressly or by implication, that canceling the
7 continuity program before or after the expiration of the free trial period will be easy for
8 consumers to accomplish. The “Terms and Conditions” page on the
9 StopSmoking180.com website states three times, with minor word variations, that
10 consumers “can also cancel anytime, risk free in order to not incur any charges on future
11 orders.” (Exhibit G) The BeautifulSkin.com website similarly promises that “We
12 believe in complete customer satisfaction. This is reflected in our 30-days satisfaction
13 guaranteed return policy.” (Exhibit H)

14 24. In fact, Defendants make cancelling so difficult that consumers who follow
15 the instructions on the website are unable to cancel.

16 25. Defendants’ cancellation policy requires that the consumer return some of
17 the product sent. In the case of StopSmoking180 and StopSmokingResolution, the free
18 trial usually comes with a 20-day supply of the product, which consumers must return in
19 order to avoid further charges. In the case of BeautifulSkin, consumers are automatically
20 sent a 30-day supply of the products and must return any unused product. Defendants
21 will accept returns of the smoking-cessation and skin-care products only if the consumer
22 first has obtained an “RMA” [return merchandise authorization] number. In order to
23 obtain such a number, the consumer must contact Defendants by telephone, by logging
24 onto the “Members” section of Defendants’ website, or by sending an email to
25 Defendants’ customer service department.

26 26. In numerous instances, however, the username and/or password consumers
27 receive to log on do not work on Defendants’ website, and, when consumers contact
28 Defendants by email to request a correct username and/or password enabling them to log

1 on, Defendants do not provide one.

2 27. Similarly, many consumers who attempt to cancel by sending an email to
3 Defendants never receive the requisite RMA number.

4 28. Many consumers who attempt to call the customer service number which
5 Defendants post on their websites are not able to speak with a representative and are not
6 able to leave a message. Even consumers who are able to leave messages generally do
7 not receive the requisite RMA number.

8 29. Due to the cancellation roadblocks Defendants have erected, many
9 consumers are unable to cancel within the specified period and incur unauthorized
10 charges for the initial shipment of up to \$99.95 a month.

11 30. Defendants also represent, expressly or by implication, that consumers who
12 elect to continue with the subscription program can easily cancel their membership and
13 not incur further charges. For example, the “Terms and Conditions” on the
14 StopSmoking180.com website states, under the bold heading “Return Policy – Our
15 Money Back Guarantee,” that “you may discontinue your ‘Commit to Quit VIP’
16 Membership enrollment at anytime by visiting MEMBERS and click on the Cancel
17 Subscription Link.” (Exhibit G)

18 31. In fact, Defendants make cancelling the subscription program so difficult
19 that consumers who follow the instructions on the website are unable to cancel before
20 incurring charges for more months than they desired. Those instructions can typically be
21 accessed on the website by clicking on the “Member” or “Contact Us” banner on the first
22 page of the website, as is the case on StopSmoking180.com. Consumers who follow
23 these instructions then run into the same roadblocks, described in ¶¶ 26-28 above, as
24 consumers seeking to cancel before the end of the trial period.

25 **Defendants’ Stop Smoking Program Claims**

26 32. Since at least 2006, Defendants have, through their
27 www.StopSmoking180.com website and numerous emails sent out to consumers,
28 advertised for sale over the Internet a stop-smoking patch called “Nicocure” and

1 “StopSmoking 180®.” Defendants advertise Nicocure’s primary ingredient as Lobelia
2 inflata. Defendants assert that Nicocure and StopSmoking 180® is the “world’s most
3 effective quit smoking program.” In particular, Defendants describe Nicocure and
4 StopSmoking 180® as “[E]ffective with over 97% of those who try it.” Defendants then
5 ask consumers to “Compare that [97% rate] with the meager 20% of nicotine-based
6 products.” (Exhibit A)

7 Similarly on the website’s page entitled “The 180 Plan,” Defendants state that:

8 “It’s hard to find a smoking cessation program that’s truly effective. Most
9 remedies on the market do little more than slightly reduce your cravings for
10 a short time. That’s definitely not enough to make you quit!

11

12 “Our natural Nicocure patches are the safest and most effective products on
13 the market, enjoying a 97 percent success rate! Compare that to the 20
14 percent success rate of most smoking cessation products.” (Exhibit I)

15 Similarly, on the StopSmoking180.com page entitled “Frequently Asked Questions,”
16 Defendants state:

17 “How does Nicocure work to help me Quit Smoking? The Nicocure
18 formula is primarily based around our proprietary herbal blend. It is safe
19 and non-addictive, and it can provide your ‘nicotine receptor cells’ with the
20 same sensation provided by nicotine. The difference is that you won’t
21 crave the sensation anymore after finishing the Nicocure formula.
22 Remember, patches and gums simply feed you more nicotine. That’s NOT
23 the way to break an addictive habit.” (Exhibit J)

24 33. Since at least 2006, Defendants have, through their
25 www.StopSmokingResolution.com website and numerous emails sent out to consumers,
26 advertised for sale over the Internet a stop-smoking patch called “ZeroNicotine.”
27 Defendants advertise ZeroNicotine’s ingredients as gotu kola, hops, skullcap, oat,
28 peppermint, ginger root, gentian, myrrh, safflower, eucalyptus, slippery elm, licorice

1 root, alfalfa, passion flower, sarsaparilla, bayberry, and echinacea powder. (Exhibit K)

2 34. On the first page of Defendants' StopSmokingResolution.com website
3 Defendants state, "With its unique blend of ingredients, The Stop Smoking Resolution
4 offers you the best possible chance to finally kick the habit for good!" (Exhibit D)

5 35. Defendants also assert that each patch of ZeroNicotine "contains a dose of
6 the most effective herbal ingredients, formulated to alleviate the symptoms of nicotine
7 withdrawal while cleansing the system of all smoking-related toxins. To break free from
8 smoking, you need to break free from nicotine. Unlike other stop smoking patches, The
9 Stop Smoking Resolution's all-natural formula eliminates, rather than replenishes, the
10 level of nicotine in your body, helping you break the habit." (Exhibit D)

11 **THE FTC ACT**

12 36. Section 5(a) of the FTC Act, 15 U.S.C. § 45(a), provides that "unfair or
13 deceptive acts or practices in or affecting commerce, are hereby declared unlawful."

14 37. Misrepresentations or omissions of material facts constitute unfair or
15 deceptive acts or practices prohibited by Section 5(a) of the FTC Act.

16 38. An unfair act or practice is one that causes or is likely to cause substantial
17 injury to consumers that is not reasonably avoidable by consumers themselves and that is
18 not outweighed by countervailing benefits either to consumers or competition. 15 U.S.C.
19 § 45(n).

20 39. Section 12(a) of the FTC Act, 15 U.S.C. § 52(a), prohibits the
21 dissemination of any false advertisement in or affecting commerce for the purpose of
22 inducing, or which is likely to induce, the purchase of food, drugs, devices, services, or
23 cosmetics. For the purposes of Section 12 of the FTC Act, 15 U.S.C. § 52, Nicocure,
24 StopSmoking180®, and ZeroNicotine are "drugs" pursuant to Section 15(d) of the FTC
25 Act, 15 U.S.C. § 55(d).

26 **THE ELECTRONIC FUND TRANSFER ACT AND REGULATION E**

27 40. Section 907(a) of the EFTA, 15 U.S.C. § 1693e(a), provides that a
28 "preauthorized electronic fund transfer from a consumer's account may be authorized by

1 the consumer only in writing, and a copy of such authorization shall be provided to the
2 consumer when made.”

3 41. Section 205.10(b) of Regulation E, 12 C.F.R. § 205.10(b), provides that
4 “[p]reauthorized electronic fund transfers from a consumer’s account may be authorized
5 only by a writing signed or similarly authenticated by the consumer. The person that
6 obtains the authorization shall provide a copy to the consumer.”

7 **FTC ACT VIOLATIONS**

8 **COUNT I**

9 **Misrepresentation of Material Facts**

10 42. In numerous instances, in the course of advertising their smoking-cessation
11 and skin-care products, Defendants have represented, expressly or by implication, that:

12 a. there is no cost for a trial of Defendants’ products other than a
13 shipping and handling fee; and

14 b. consumers in the continuity program will be able to cancel at any
15 time and/or cancel easily so as not to incur further monthly charges.

16 43. In truth and in fact:

17 a. there is a cost for a trial of Defendants’ products other than a
18 shipping and handling fee; and

19 b. consumers in the continuity program are not able to cancel at any
20 time and/or cancel easily so as not to incur further monthly charges.

21 44. Therefore, Defendants’ representations set forth in Paragraph 42 are false
22 and misleading, and constitute deceptive acts or practices in violation of Section 5(a) of
23 the FTC Act, 15 U.S.C. § 45(a).

24 **COUNT II**

25 **Failure to Disclose Material Facts**

26 45. In numerous instances, in the course of advertising their smoking-cessation
27 and skin-care products, Defendants have represented, expressly or by implication, that
28 consumers will have a specified trial period in which to review Defendants’ programs

1 without incurring any charges other than shipping and handling.

2 46. Defendants fail to disclose, or to disclose adequately, the material terms
3 and conditions of the offer, including, but not limited to the fact that:

4 a. the consumer's account will be charged for a one-month supply of
5 product unless the consumer takes affirmative action during the trial period to
6 avoid the charge;

7 b. consumers who cancel during the trial period will have to pay to
8 ship unused product back to Defendants;

9 c. consumers who cancel and return unused product during the trial
10 period will be billed a restocking fee; and

11 d. consumers who do not cancel and return unused product during the
12 trial period will be charged for future shipments of product.

13 47. In light of the representation set forth in Paragraph 45, the failure of
14 Defendants to disclose, or to disclose adequately, this material information is a deceptive
15 act or practice in violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

16 **COUNT III**

17 **Unauthorized Billing**

18 48. In numerous instances, in the course of advertising and selling their
19 smoking-cessation and skin-care products, Defendants have caused charges to be
20 submitted for payment to the credit and debit cards of consumers:

21 a. who cancelled or attempted to cancel their enrollment in
22 Defendants' continuity programs; or

23 b. who were not adequately informed of the terms and conditions of
24 Defendants' continuity programs;

25 and therefore did not provide express informed consent for the charges.

26 49. Defendants' practice of causing charges to be submitted for payment to the
27 credit and debit cards of consumers without obtaining the consumers' express informed
28 consent causes or is likely to cause substantial injury to consumers that is not reasonably

1 avoidable by consumers themselves and that is not outweighed by countervailing benefits
2 either to consumers or competition.

3 50. Therefore, Defendants' practice, as described in Paragraph 48, is an unfair
4 act or practice in violation of Section 5(a) of the FTC Act.

5 **COUNT IV**

6 **Superiority and Effectiveness Claims**

7 51. Through the means described in Paragraphs 32-35, Defendants have
8 represented, expressly or by implication, that:

9 a. Nicocure, StopSmoking 180®, and ZeroNicotine are more effective
10 than nicotine-based products for smoking cessation;

11 b. Nicocure and StopSmoking 180® have a 97 percent effectiveness
12 rate for smoking cessation; and

13 c. Nicocure and StopSmoking 180® enable smokers to quit smoking
14 permanently.

15 52. The representations set forth in Paragraph 51 are false or were not
16 substantiated at the time the representations were made. Therefore, the making of the
17 representations set forth in Paragraph 51 constitutes a deceptive practice, and the making
18 of false advertisements, in or affecting commerce, in violation of Sections 5(a) and 12 of
19 the FTC Act, 15 U.S.C. §§ 45(a) and 52.

20 **ELECTRONIC FUND TRANSFER ACT AND REGULATION E VIOLATIONS**

21 **COUNT V**

22 53. In numerous instances, Defendants have debited consumers' bank accounts
23 on a recurring basis without obtaining a written authorization signed or similarly
24 authenticated from consumers for preauthorized electronic fund transfers from the
25 accounts, thereby violating Section 907(a) of the EFTA, 15 U.S.C. § 1693e(a), and
26 Section 205.10(b) of Regulation E, 12 C.F.R. § 205.10(b).

27 54. Pursuant to the EFTA, 15 U.S.C. § 1693o(c), every violation of the EFTA
28 and Regulation E constitutes a violation of the FTC Act.

1 55. By engaging in violations of the EFTA and Regulation E as alleged in
2 Paragraph 53, Defendants have engaged in violations of the FTC Act.

3 **CONSUMER INJURY**

4 56. Consumers throughout the United States have suffered and continue to
5 suffer substantial monetary loss as a result of Defendants' unlawful acts or practices. In
6 addition, Defendants have been unjustly enriched as a result of their unlawful practices.
7 Absent injunctive relief from this Court, Defendants are likely to continue to injure
8 consumers and harm the public interest.

9 **THIS COURT'S POWER TO GRANT RELIEF**

10 57. Section 13(b) of the FTC Act, 15 U.S.C. § 53(b), empowers this Court to
11 grant injunctive and such other relief as the Court may deem appropriate to halt and
12 redress violations of the FTC Act. The Court, in the exercise of its equitable jurisdiction,
13 may award other ancillary relief including, but not limited to, rescission of contracts and
14 restitution, and the disgorgement of ill-gotten gains, to prevent and remedy injury caused
15 by Defendants' law violations.

16 **PRAYER FOR RELIEF**

17 WHEREFORE, Plaintiff, pursuant to Section 13(b) of the FTC Act, 15 U.S.C.
18 § 53(b), and the Court's own equitable powers, requests that the Court:

19 1. Award Plaintiff such preliminary injunctive and ancillary relief as may be
20 necessary to avert the likelihood of consumer injury during the pendency of this action
21 and to preserve the possibility of effective final relief, including, but not limited to,
22 temporary and preliminary injunctions, an order freezing assets, immediate access, and
23 appointment of a receiver;

24 2. Enter a permanent injunction to prevent future violations of the FTC Act
25 and the Electronic Fund Transfer Act;

26 3. Award such relief as the Court finds necessary to redress injury to
27 consumers resulting from Defendants' violations of the FTC Act and the Electronic Fund
28 Transfer Act including, but not limited to, rescission or reformation of contracts,

1 restitution, the refund of monies paid, and the disgorgement of ill-gotten monies; and

2 4. Award Plaintiff the costs of bringing this action, as well as such other and
3 additional relief as the Court may determine to be just and proper.

Testimonials

"I quit smoking in 98 days!"
— Josh C., Kansas

"After smoking for 15+ years I always knew in the back of my head that I needed to quit for my family's and own health. I tried all kinds of ways to quit including nicotine patch and gum.... Nothing seemed to work.

I tried the free 10 day trial of the StopSmoking180 program and it made a huge difference. My cravings were down and what's really cool is I had an actual support system. The program's consultants provided live support and they were able to keep me very well grounded and focused. I smoked for 15 years but it took me less than 6 months to quit the habit and regain back my life. I even had more energy! My family loves it!"

StopSmoking180

THE WORLD'S MOST EFFECTIVE QUIT SMOKING PROGRAM

The 180 Plan

It's hard to find a smoking cessation program that's truly effective. Most remedies on the market do little more than slightly reduce your cravings for a short time. That's definitely not enough to make you quit! Still, you know you need to quit; after only a year of quitting, your risk of smoking-related heart disease is cut in half, and after five to 15 years, your risk of stroke returns to a normal level!

At stopsmoking180.com, we offer an innovative, all-natural program that will help you quit for good.

Our natural Nicocure patches are the safest and most effective products on the market, enjoying a 97 percent success rate! Compare that to the 20 percent success rate of most smoking cessation products. These patches allow you to quit without experiencing the common symptoms of withdrawal like irritability, tension, insomnia, and weight gain.

When you use most quit smoking programs, you are still introducing nicotine into your system. This does not give you the chance to ever rid your body of the substance you are addicted to, so your cravings never truly subside. No wonder so many people start smoking again after a few weeks or months! Our patches use a combination of natural formulas that eliminate your need for cigarettes and other tobacco products altogether.

When you use Nicocure patches, you will still experience the "calmness" that you associate with smoking, because these patches mimic the effect that nicotine has on your brain and your body. However, you will not be introducing anything harmful into your system, and after 30 days or less you will find that your cigarette cravings have simply disappeared. With Nicocure, you can make a difference in your health, starting today!

THE WORLD'S MOST EFFECTIVE QUIT SMOKING PROGRAM

Frequently Asked Questions

Am I a Diabetic. Does Nicocure contain any sugar?

No. Nicocure contains no sugar and will not react with insulin in any way. Diabetics can feel safe and take Nicocure with confidence. If concerned, please consult your physician.

What are the side effects?

If you decide to cheat and try to smoke while on the program, you may experience some mild nausea and dizziness. That's your signal that Nicocure is working exactly as intended. No side effects should appear if you remain off nicotine for the duration of the program. When you finish the program, you will no longer have cravings for nicotine. We are not aware of any drug interactions. Nicocure contains no nicotine or other drugs. The formula is completely herbal and all-natural.

Does Nicocure work on Chewing (smokeless) Tobacco as well?

Yes! Nicocure works to remove your addiction to all forms of nicotine-based tobacco products, regardless of how they are introduced into your system.

Can Nicocure be used during Pregnancy?

No. Nicocure, like most other herbal preparations, should NOT be used while pregnant or nursing.

How long does it take for Nicocure to start working?

Most people feel the cravings for Nicotine completely disappear within the first 10 days. But you receive a 30-day supply should you feel the need to stay on the program a bit longer.

How does Nicocure work to help me Quit Smoking?

The Nicocure formula is primarily based around our proprietary herbal blend. It is safe and non-addictive, and it can provide your "nicotine receptor cells" with the same sensation provided by

all the negative side effects of the patches containing actual nicotine! It does this while keeping you calm and relaxed during withdrawal. It will help you quit smoking for life, for good.

Why then do so many people still smoke? The many answers to this question prove that quitting [can't be a simple](#)

FAQ's

Nicocure has been effective with over 97% of those who try it. Compare that with the meager 20% of nicotine-based products.

We receive scores of testimonial letters each week praising our product, and thanking us for returning good health and energy to ex-smokers.

How does Nicocure® work to help me Quit Smoking?

The Nicocure® formula is primarily based around our proprietary herbal blend. It's safe and non-addictive, and it can provide your "nicotine receptor cells" with the same sensation provided by nicotine. The difference is that you won't crave the sensation anymore after finishing the Nicocure® formula.

Remember, patches and gums simply feed you more nicotine. That's NOT the way to break an addictive habit.

What is the Guarantee?

Try Nicocure® for a full 10 days. If at any time you feel the product is not working for you, simply return the unused portion for a full refund.

What about similar products on the Internet?

There is nothing similar to Nicocure®. Many other products force you to take 3 or more formulas a day, just to achieve the same potency (but less success) as Nicocure®.

We developed our own proprietary blend. It's specially concentrated to allow you to take just one kind of capsule.

I have a bad liver, kidney, heart, high blood pressure, recent surgery, etc.

Is Nicocure® still safe for me?

Nicocure® contains only natural herbal ingredients. Certainly, if you're able to quit smoking, your problems may fade as the deadly chemicals from smoking are flushed from your body. The body's natural defenses become stronger and are able to combat many devastating conditions if given the proper environment.
