Docket No. 9358

**ORIGINAL**

**PUBLIC DOCUMENT**

**JOINT STIPULATIONS ON ADMISSIBILITY OF EXHIBITS**

The parties hereby stipulate and agree:

1. The exhibits listed hereto in Attachment A are admitted without objection. Exhibit A reflects the parties' best efforts to remove duplicates from the joint list and to re-include documents removed inadvertently at earlier stages. Exhibit A does not include documents that the Court admitted at trial notwithstanding an objection made on the record.
2. A document need not be admissible to be used solely to impeach.
3. The exhibits cited in the withdrawn expert report of Alexander Volokh ("Volokh Report") are not in evidence to the extent that they have no independent basis for admissibility. The parties agree that all such documents are listed on Exhibit B hereto. Certain other exhibits cited in the withdrawn Volokh Report are in evidence by agreement, and they are included on Exhibit A hereto.
4. Exhibit A contains RX-717, which is a composite exhibit of multiple documents originally entitled "[c]ertain docs considered by Volokh." The parties agree that only those portions of RX-717 that are business records produced by third parties in response to a subpoena or document request are in evidence.
5. As with all documents in evidence, the parties reserve their right to argue that documents not used at trial and cited in the withdrawn Volokh Report should receive no weight, or substantial weight, depending on any consideration the Court finds relevant to determining their probative value.
